

EASTERN NEWS.

DATES TO THE 10TH JUNE.

[From the Boise News Extra of Tuesday last.]
J. L. SMITH, Esq., has our thanks for the Oregonian of 11th and 13th, from which we extract the following:

Washington, June 8.—A dispatch from Charles A. Dana, dated headquarters last night, says the Richmond Examiner of to-day speaks of the death of Gen. W. E. Jones by General Hunter, 12 miles beyond Staunton. Jones was killed on the field, and his successor retreated to Waynesboro, who now holds the mountains between Charlottesville and Staunton. The same paper further states that no artillery stores were captured by Gen. Hunter. A British man-of-war at Aspinwall reports that the Florida was lying in wait for the Ocean Queen off San Domingo, but missed her, as she was two days behind.

Cairo, June 11.—Guerillas are enforcing a merciless conscription in Kentucky above Smithland, sweeping the country of all the men under 50, especially those of Union sentiments. They respect States rights people, with the exception of helping themselves to horses, mules and supplies. Families are fleeing before the conscription. The steamer Washington, from New Orleans, confirms the report of the blockade of the Mississippi river at Greenville by Marmaduke's forces. Three steamers were lying above Greenville awaiting the result of the engagement which had been going on for two days between the gunboats and batteries. But little if any impression has been made on the batteries. The guerillas have again been committing outrages in Louisiana.

Washington, June 11.—The Richmond Examiner of the 8th says, Hunter occupied Staunton, driving the rebels 12 miles. The rumor also prevailed that the Union forces occupy Lexington. The Examiner of the 7th says, last night the enemy abandoned our left and part of our centre. Impression here is that Grant is making his way to James river, and will cross to the south side.

New York, June 10.—A division of the fifth corps occupies a position on the railroad over the Chickahominy crossing the river two miles above Sumner's bridge. The enemy are strongly posted on the opposite side with heavy guns, which opened fire upon our columns. Our troops moved up and silenced the rebel guns.

Our lines have been somewhat advanced and placed in strong condition for defense. The enemy are in speaking distance of our lines. Our ranks are being rapidly filled by reinforcements. On the 8th the rebels made a desperate charge on our works and were disastrously repulsed.

Sheridan has gone on another very important raid, which if successful will be most beneficial as it is the most hazardous expedition of the war.

A special from Washington says a deserter who came into our line reports Hunter's victory more complete than the Richmond papers reported. He says Hunter took twenty cannon, many prisoners and a quantity of stores. The force was recently a part of Breckinridge's command. Hunter's report is not yet received.

The New Ironsides has arrived at Hilton Head, a blockade runner attempted to come out on the night of the 6th, but grounded and was completely knocked to pieces. Admiral Dahlgren arrived at Hilton Head on the 7th.

Cincinnati, June 10.—One of Morgan's men captured at Maysville, reports the force in Kentucky under the immediate charge of Morgan, Smith and Ashton, at about 3,000, a large portion being dismounted cavalry. They entered Kentucky at Pound Gap. A scouting party under Everett had been sent ahead to pick up horses for the dismounted men. They passed through Hazel Grove, Owensville and Flemingsburg, and took Maysville without resistance; robbing citizens. Union men were stripped of their horses, while persons sympathizing with the rebels were protected.

Washington, June 10.—Information from the front states that Bowling Green was burned by our forces in consequence of our trains being fired upon from the houses.

CALIFORNIA NEWS.

San Francisco, June 11.—The money market is easier to-day. The influx of Eastern capital to purchase leading stocks has relieved the market of eastern exchange. Currency bills 75 and 80. Com. 4 and 5. Legal Tenders heavy at 84 and 85. Gold closed in New York last night at 198.

LATEST FROM THE EAST.

Washington, June 10.—Rebel dispatches from the North of Georgia to date of the 6th state, that the Federal army was still moving toward Atlanta. Hooker's command was fortifying the hills between Ackworth and Atlanta. Late accounts say that the Federal army crossed the Chattahoochee, near Ackworth. Hooker is said to be five miles east of it, on the Atlanta road. Johnston's headquarters are west of Marietta. His right under Hardee, is at Lost Mount.

A rebel dispatch from Mobile on the 6th, announces the capture of the steamer Dragon while attempting to run the blockade. The rebel Marmaduke's blockade on the Mississippi, near Greenville, has succeeded in destroying three steamers, and securing two cargoes.

A Richmond dispatch says the Confederate treasury for the first time in its history is without a dollar to pay anybody, and that there is much grumbling in consequence.

The Examiner thinks that Grant will attempt to take Richmond from the south side of James river, but that he will not succeed. Louisville, June 10th.—The ordinance train from Frankfort was attacked near Bagdad, by Jenkins. Shakes, a Union member of the Kentucky Legislature, was killed in the encounter.

Cincinnati, June 10th.—Gen. Burdige who has been following the rebels since they left Pound Gap, came up with them yesterday at Mt. Sterling and whipped them handsomely. A portion of Morgan's command entered Lexington at 2 o'clock this morning, and burned the Central Depot and robbed a number of stores. They left at ten o'clock in the direction of Georgetown and Frankfort. Burdige is following them.

Washington, May 12.—The President sent a letter from the Secretary of War and Provost Marshal General, recommending the repeal of the \$300 exemption clause.

San Francisco, June 13th.—The steamer Constitution sailed to-day with \$823,000 in treasure and 200 passengers. The Overland Line is down near Fort Laramie. Business is dull; legal tenders have fallen to 52 1-2.

Love can get along with very little language. Two squeezes and a hug will convey more meaning than the whole five books of Moses.

INTERNAL REVENUE.
PURSUANT to an appointment and commis-

der Philip D. Moore, Esq., Collector of the Wash-
ington Territory District, the Undersigned is now
collecting the Internal Revenue in this portion of
Idaho, for the two years ending May 1st, 1865.—
The law has exacted of me a bond in the penal
sum of \$20,000, which is on file in the Treasury
Department, conditioned for the faithful discharge
of my duty. It also requires every business man
to take a license, and for neglect or refusal, fixes
the penalty at three times the amount of the li-
cense, one hundred dollars, and two years impris-
onment. For a failure to report correctly the
number of animals butchered, the penalty is \$10
per head. Three gallons is the line of demarka-
tion between wholesale and retail in the liquor
business, and one license will not cover both classes.
Merchants selling original packages, are deemed
wholesale dealers, those breaking packages,
retailers, and one license will not cover both. Min-
